State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

Southern Region Excessive Heat Event 06/03/16 – 06/05/16

Preparations are underway in response to the forecasted Excessive Heat Event for this upcoming weekend, 06/03/16 – 06/05/16.

Imperial County

- Imperial County will activate their designated Cooling Centers during the weekend of 06/03/16 – 06/05/16.

Inyo County

- Inyo County does not plan to open any Cooling Centers within the County.

Los Angeles County

- Los Angeles County does not plan to open any Cooling Centers within the County.

Mono County

- Mono County does not plan to open any Cooling Centers within the County.

Orange County

- The National Weather Service (NWS) has issued a Heat Advisory for inland Orange County.
- The Operational Area (OA) will monitor the situation, but does not plan to activate their Excessive Heat Plan.
- County government buildings are available as Cooling Centers.
- No additional facilities are being opened.

Riverside County

- Riverside County will activate their Cooling Centers this weekend due to the excessive heat forecast.

SITUATION SUMMARY

Southern Region Excessive Heat Event 06/03/16 – 06/05/16

San Diego

- San Diego County hosted an Excessive Heat Response Plan Task Force conference call on 06/06/16 at 1300 hours. During this call, the National Weather Service (NWS) announced that they are issuing a Heat Advisory for the inland valleys of San Diego County for the upcoming weekend.
- The County will implement the following actions during the weekend:
 - All libraries will be open and serve as Cooling Centers. The libraries will operate on a regular schedule with the exception of Borrego Springs which will have extended hours from 0700 – 1700 hours on 06/03/16 and 06/04/16.
 - Aging and Independent Services have identified Cooling Centers (local businesses and libraries) that will be open during the weekend. Contacts on this list are currently being verified before the list is finalized. A 24/7 hotline has been established and is available. All information available will be coordinated with County OES and 2-1-1.
 - Animal Services will send the County Communications (PIO) the Heatwave Endangers Pets document for dissemination to the public. This information will also be posted to their Facebook page.
 - Air Pollution Control District stated that the air quality will be “unhealthy for sensitive groups” in the areas of Alpine and Ramona.

San Bernardino County

- Temperatures forecasted for portions of the County meets the Excessive Heat Warning Phase III of the San Bernardino County Operational Area (OA) Excessive Heat SOG. San Bernardino County Operational Area has advised their cities of the Excessive Heat Warning.
- At this time, the OA plans to monitor the situation and gather additional information from the NWS.
- There are no official Cooling Centers designated other than air conditioned locations open to the community (www.coolingcentersb.org). If necessary, these public locations can be asked to extend their hours of operation to meet the needs of the public.
- San Bernardino County Department of Public Health in consultation with the Health Officer is expected to draft a press release for at-risk populations.

San Luis Obispo County

- San Luis Obispo County does not plan to open any Cooling Centers within the County.

Santa Barbara County

- Santa Barbara County does not plan to open any Cooling Centers within the County.

Ventura County

- Ventura County has identified Cooling Center locations throughout the County that are available to the public, if needed.

SITUATION SUMMARY

Inland Region Excessive Heat Event 06/03/16 – 06/05/16

- Kern, Madera, and Sacramento Counties have opened Cooling Centers in response to the forecasted Excessive Heat Event for this upcoming weekend.
- San Joaquin and Madera Counties will be assessing conditions throughout the weekend.
- The remaining Operational Areas have no plans to open centers or shelters at this time.
- The Inland Region Duty Officer (IDO) will continue to monitor and provide updates as they become available.

SPILL: 16-3308, Chevron Refinery, El Segundo, Los Angeles County

On 06/02/2016 at 1953 hours the California State Warning Center (CSWC) received notification from Chevron of a Power Outage and subsequent flaring event at their El Segundo Chevron Refinery, in El Segundo, Los Angeles County.

- The plant is currently monitoring for health impacts due to the flaring. No health impacts have been discovered and they will continue to monitor.
- The cause of the power outage is under investigation.
- No injuries, fatalities or evacuations have been reported.
- Per the Cal OES Southern Duty Officer (SDO) on 06/02/16 at 2121 hours:
 - The SDO notified the Los Angeles County Office of Emergency Management Duty Officer (LA County OEM DO).
 - The La County OEM DO is monitoring the situation due to the reported potential for exceedance for hydrogen sulfide and the continuance of flaring, and will provide available updates to the SDO as they become available.
- Per the California Utilities Emergency Association (CUEA) on 06/02/16 at 2200 hours:
 - CUEA has been notified, the power outage is contained to the refinery only.
- Per Chevron on 06/02/16 at 2226 hours:
 - Power was restored to the refinery at 2150 hours, they are in the process of restarting systems, no additional information on the continuance of flaring was available.

SITUATION SUMMARY

Sinkhole, Northbound/Southbound I-5 Closure, Tracy, San Joaquin County

On 05/31/16, the California State Warning Center (CSWC) was advised of a sinkhole that appeared on Northbound I-5 south of Tracy, San Joaquin County.

On 06/02/16 at 0536 hours Caltrans reported:

- Repairs and investigation have resulted in a full closure of Interstate 5 (I-5).
- Detours have been established for Northbound and Southbound traffic:
 - Exit Eastbound Hwy 132 to Northbound Hwy 33, back onto I-5.
 - Exit Southbound to Route 33 to Junction of Westbound 132 back onto I-5.
 - The detours are on the same road so the time added by the Southbound detour should be the same (10 minutes).
- The cause of the sinkhole is still under investigation.
- Estimated Time of Reopening (ETR) for Northbound I-5 is 06/03/16 at 1700 hours and the ETR for Southbound is 06/04/16 at 2000 hours.
- There are no requests for State assistance.

Proclamations

A signed Resolution has been received from the City of Seal Beach, Orange County for the Seal Beach Pier Fire.

- There are no requests for State Assistance.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
